FOREWORD

It is with great pleasure that we present this cookbook to enjoy with children. It has been said that children learn through play. Cooking with children is a great way to play while also teaching them many skills that they will need when they start school. Food can be used to teach concepts like shapes, colors, and counting. You will find that this cookbook contains a variety of easy to prepare healthy recipes that both kids and adults will love! We found These recipes were well accepted by the WIC kids who participated in our taste testing. These recipes provide great ideas for healthy menus. From snacks to meals, our dishes feature a variety of fruits, vegetables, protein foods, and whole-grain products.

We hope that you and your family have fun preparing these recipes together. Enjoy!

KIDS IN THE KITCHEN

Cooking in the kitchen is a great way for the whole family to spend time together. Parents and grandparents can share new foods, encourage creativity, and practice patience. When kids help in the kitchen, they feel good about themselves. Read below to see how your child can help in the kitchen.

SCRUB A-DUB-DUB: Teach kids to wash hands before and after preparing food.

CLEANING MACHINE: Kids can wash vegetables and fruits.

BREAK IT UP: Kids can tear lettuce greens, snap green beans, and break cauliflower.

MIX IT UP: Younger kids can mix ingredients, measure, and pour liquids.

PEEL & SLICE: Older kids can slice foods like bananas, cucumbers, boiled eggs, mushrooms, olives, and potatoes.

TWIST & SHOUT: Little tots can make music using a plastic bowl and wooden spoon while you cook.

SPRINKLE, SPRINKLE: Kids can sprinkle cheese, spices, and herbs onto the food.

MONSTER MASH: Kids can mash cooked beans, potatoes, and bananas.

CLEAN UP, CLEAN UP: Kids can help clean up the kitchen by wiping the counters, putting dishes in the sink, and putting ingredients away.

Involve your child in the kitchen as you prepare the recipes in this cookbook. The steps for children are in colored text for each recipe.

HOW TO GET KIDS INVOLVED

Involving children in meal planning and cooking at a young age is a great way to instill a love for delicious, homemade food! Here are some ideas on how to include kids of all ages in the kitchen. Remember to choose age appropriate jobs and keep safety in mind at all times.

	Ages 2-5	Ages 6-10	Ages 11-18
Meal Planning	* Golor-coordinate fruits and vegetables * Gircle foods they would like in store advertisements * Help cut coupons * Let them choose one meal	* Help make a list of meals they like * Look USDA's MyPlate and come up with one meal following the diagram * Choose fruits and vegetables to put on the side of main courses	* Look up new recipes on social media * Create a three-day menu using USDA's MyPlate as a reference for a camplete meal
Grocery Shopping	* Point out fruits and vegetables from the grocery list * Choose a new fruit or vegetable to try	* Read the list to adult shopper and cross the items off as they are put in the cart * Choose a new fruit or vegetable to try	* Take a portion of the list and retrieve those items by themselves * If old enough to drive, do a small grocery trip on their own * Keep track of the money saved each week
Cooking	* Pour premeasured items into bowl to mix up * Tear up lettuce for a salad *Rinse off fruits and vegetables	* Measure ingredients and put them together with adult help * Toss a salad * Knead dough * Put together sandwiches	* Run the show as head chef! Put together a full meal and recruit family members to help as needed
